

COVID-19 testing options for businesses

Understanding the approach employers can take to workplace testing

Testing Option 1

Staff with no symptoms of COVID-19 (asymptomatic)

Staff with no symptoms who cannot work from home can book a free lateral flow test in Solihull. The test will be done by a trained member of staff to high quality standards. Results will be recorded with NHS Test and Trace. Staff will receive their result by text around 30 minutes after the test is taken. There is no queueing and takes around 15 minutes to sign in and be tested. There are two locations available, by booked appointment only:

- **Site 1 - Tudor Grange Leisure Centre**, Blossomfield Road, B91 1NB
- **Site 2 - North Solihull Sports Centre**, Conway Road, Solihull, B37 5LA

How do I book a test? <https://customer.jrni.com/?client=solihullcovidtest>

Testing Option 2

Alternatively businesses can apply to the Government for lateral flow devices to undertake tests in the workplace.

Register interest here: <https://www.gov.uk/get-workplace-coronavirus-tests>

Coming soon...

Collection points where you will be able to pick up kits to do at home will be coming soon. You must register tests on line and if staff test positive, they must book a PCR test to confirm this.

Please note **if staff have COVID symptoms**, generally feel unwell and/ or are self-isolating:

- Book a test via the online national booking system here or by phoning 119 to access a test (local Solihull sites include Monkspath Mobile Testing Unit and Birmingham Airport).
