Autumn Term 2020

Network CPD Events Calendar Autumn Term 2020

We are pleased to share our very first termly calendar of CPD events for the Network. I hope it will be helpful for your forward planning. All Events throughout the Autumn term will continue to be delivered virtually, through a range of online platforms. The links to book your attendance for confirmed events are included ready for you from today.

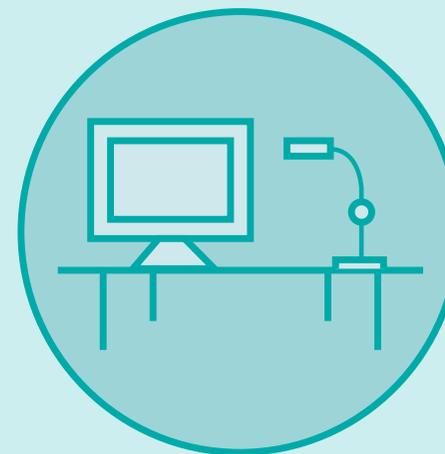

The programme offer enables you to build you own programme to support your professional development in addition to the core training for all Enterprise Coordinators. Please note you will need to book in order to be registered and receive your joining information.

The programme includes new Masterclasses on Benchmark 4 and opportunities for Enterprise Coordinators and Hub Leads to catch up with repeats of the masterclasses that were presented as options in the programme of events held in February 2020. There will also be new events on managing opportunity and challenge, training on how to work with the new Competency Framework, and CPD to cascade new Guidance on Achieving the Benchmarks during Covid-19 for 2020/2021 Academic Year.

The calendar shows confirmed events by intended audience, whether for Enterprise Coordinators, Careers Hub Leads, Careers Leaders or for all. It also includes provisional dates for when we expect to deliver events that are currently in the planning process. As you have asked us, we are keen to give you line of sight on what's coming up. Where the dates are still provisional, we will do our very best to ensure that these events take place in the window of time indicated but there may be some adjustments so please bear that in mind.

We appreciate that you would like to see dates for events and your diaries in one place and it is our aspiration to be able to do that as we move forward and evolve the calendar. It will be updated on a half termly basis and as it evolves, we will integrate a wider range of events and dates for your diaries to assist you with forward planning.

If you have any questions or comments on the calendar we would be delighted to have your feedback to help us improve this for the next edition after the October half term, please email events@careersandenterprise.co.uk.

All Events throughout the Autumn term will continue to be delivered virtually, through a range of online platforms.

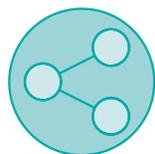

The Programme

Managing Opportunity and Challenge for the Network in 2020 -2021

This workshop will explore the anticipated challenges and opportunities that Enterprise Coordinators face in working with stakeholders in the new academic year. It will explore the challenges share examples of good practice and learning from CEC and network colleagues about innovative practice that addresses these challenges and maximises opportunities.
