# Apprenticeship Show 2018: Sponsors

Costain is an engineering company and our purpose is to improve people's lives by deploying technology-based engineering solutions to meet urgent national needs across the UK's energy, water and transportation infrastructures.

Apprenticeships on offer are: Digital and Technology, Project Management, Human Resources, Mechanical Engineering, Civil Engineering, Quantity Surveying, Project Controls, Planning, Business Administration, Materials Technician, Electronic Technician, High Speed Rail and Infrastructure.

[www.costain.com](http://www.costain.com)

EY is a global professional services organisation. Our high performing teams operate across four service lines: Assurance, Consulting, Tax, and Transactions, to help clients drive innovations on the issues that matter most. Working at EY offers the opportunity to change how world-leading organisations do business, and helps them shape their career their way.

If you're ready to start your career in the workplace and keen to avoid student debt then apply to join the EY Business Apprenticeship. Our new training programme lets you join EY straight after school or college just as some of our directors and partners did. Once you've completed your A levels, you will go straight into a full-time job with a starting salary of up to £21,500, giving you independence and responsibility without going to university first.

On joining the programme, you will have the opportunity to study for an industry-recognised certification, a professional qualification to further hone your skills and expertise as you develop throughout the programme. You will also be given challenging work on a diverse range of projects and clients, developing a host of transferable skills, and receive on-the job coaching and support to ensure that you reach your potential.

[www.ukcareers.ey.com](http://www.ukcareers.ey.com)

GRAHAM Facilities Management provide a Building Fabric and Compliance service across the Council buildings and Schools in Solihull, Walsall, Sandwell & Tamworth including Reactive, PPM, BCC/Activico for planned and minor works. We have successfully taken a number of apprentices to level 2 and 3 in plumbing, carpentry and office administration. We are looking for keen, enthusiastic individuals to join our team in Shirley to ensure GRAHAM continue to provide

a Best in Class service to our clients.

Jaguar Land Rover is the UK's largest automotive manufacturer, built around two iconic British car brands: Land Rover, the world's leading manufacturer of premium all-wheel-drive vehicles; and Jaguar, one of the world's premier luxury sports saloon and sports car marques.

We employ almost 42,000 people globally and support around 240,000 more through our dealerships, suppliers and local businesses. Manufacturing is centred in the UK, with additional plants in China, Brazil, India and Slovakia.

At Jaguar Land Rover, we are driven by a desire to deliver class-leading vehicles, which will provide experiences our customers will love, for life. Our products are in demand around the globe. In 2016 Jaguar Land Rover sold more than 583,000 vehicles in 136 countries, with more than 80 per cent of our vehicles produced in the UK being sold abroad.

Our innovation is continuous: we will spend more than £4 billion in the coming year on new product creation and capital expenditure.

From 2020 all new Jaguar Land Rover vehicles will be electrified, giving our customers even more choice. We will introduce a portfolio of electrified products across our model range, embracing fully electric, plug-in hybrid and mild hybrid vehicles as well as continuing to offer ultra-clean petrol and diesel engines.

# Apprenticeship Show 2018: Employers

Joining the British Army, you'll get much more from life than you ever would with a civilian career – you'll have the opportunity to do something that really matters, with a team that are like family to you. The sense of belonging in the Army is next level: when you've trained with each other and overcome new challenges you build bonds that last a lifetime, and see you through whatever life throws at you – on and off the battlefield.

It doesn't matter where you've come from, or what you have, or haven't, studied – if you've got drive, determination and the will to make an impact, there's a place for you here. You'll have access to world-class training and development, and the chance to gain valuable qualifications. You'll get to see the world – from skiing in Europe, to white-water rafting in the States, to being on operation across the globe. You'll have the chance to make a difference, realise your potential, and make people proud.

Soldier or officer, full service or reservist, infantry soldier or nurse – whatever role you're in, the bonds you build here will be unbreakable, and the memories will last forever. If you're looking for adventure, opportunity, and friends for life, it's time to find where you belong.

Find where you belong. Join the British Army.

[www.army.mod.uk/belong/](http://www.army.mod.uk/belong/)

ARUP is a global firm of designers, engineers, planners and business consultants providing a range of professional services to clients around the world. With over 12,000 staff in more than 30 countries, we make international team-working part of everyday life. Arup recruits apprentices, placement students and graduates in the UK every year and has vacancies in acoustics, architecture, bridges, building design, communications and systems, energy, environment, fire,

finance, geotechnics and tunnelling, highways, intelligent transport systems, lighting, management consultancy, materials, quantity surveying, rail, risk management, site development, town planning, transaction advice, transport planning and water.

[www.arup.com](http://www.arup.com)

Member of the SNC-Lavalin Group

Atkins is one of the world's most respected design, engineering and project management consultancies, employing more than 18,000 people worldwide, including around 8,500 in the UK. Our world is changing faster than at any other time.

The world's population is increasing dramatically. Climate change is touching all corners of our planet. And our natural resources are dwindling. By 2055, three quarters of us will live in cities, putting infrastructure and transport systems under extreme pressure.

We offer three levels of apprenticeships in all sectors of the business: Advanced (Level 3), Higher (Level 4 or 5) and Degree (Level 6).

[www.arup.com](http://www.arup.com)

Balfour Beatty is a leading international infrastructure group, creating infrastructure, supporting communities and enabling growth. Recruiting over 100 apprentices each year, adding to the 320 already in training. We offer intermediate level, advanced level and higher level apprenticeship's, in IT, rail, marketing, business administration, finance, highways operative, engineering, surveying, design, electrical, communications and many more. Being the largest construction company in the UK, we offer a wide range of apprenticeship's across the UK, with endless opportunity.

[www.balfourbeatty.com](http://www.balfourbeatty.com)

BSMHFT provide mental healthcare provision to the populations of Birmingham & Solihull in a variety of settings including community, inpatients and secure care. We employ almost 4000 staff in clinical and non-clinical roles making us one of the regions largest employers.

We offer work experience and apprenticeship opportunities in health and social care, business administration, facilities, maintenance, pharmacy and more. These are linked to career pathways in a range of professional roles such as mental health nursing, occupational therapy, pharmacy and corporate careers such as human resources, ICT, finance and project management.

BSMHFT are passionate about improving service user care and experience through a diverse, skilled and motivated workforce primarily recruited from our local community.

[www.bsmhft.nhs.uk](http://www.bsmhft.nhs.uk)

[www.pwc.co.uk](http://www.pwc.co.uk)

**Rolls-Royce**

Our people drive performance by embracing new challenges: whether that's by developing engines that go further on less fuel, or creating smarter processes to improve our business and enhance the customer experience. Delivering excellence is about more than just technical expertise, however. So we balance knowledge and rigour with new ideas and fresh thinking by hiring lots of bright, ambitious and innovative apprentices every year. You could be one of them.

If you're completing your GCSEs, we offer Practical, Technical and Project Management apprenticeships or, if you're doing A-levels, we have a range of degree apprenticeships: Commercial Engineering, Manufacturing Engineering, Manufacturing Management (Masters), Management Accountancy, Project Management, Supply Chain Management, Materials Laboratories Engineering, and Non-Destructive Testing (NDT) Engineering.

As well as the new skills you'll learn, you'll have access to Rolls-Royce professionals. A lot of them have been where you are now, and will be only too happy to help you progress in your career.

Whether you're engineering on the micron scale, launching new internal systems or scoping out commercial opportunities, you'll pursue perfection. That means putting your drive and inventive streak to the test on live projects, suggesting improvements, sharing ideas and making a positive impact – on your team, on our products and on our global business.

[www.rolls-royce.com](http://www.rolls-royce.com)

Experience the other side of the Stage! The RSC is a world renowned organisation offering careers in areas from Sound to Scenic Engineering, Finance to Front of House.

We offer exciting opportunities to learn knowledge and skills whilst earning a wage.

Our current schemes are Carpentry, Engineering, Sound, Venue Management and Customer Services but come and see us to discuss what else we may have in store for the future

[www.rsc.org.uk](http://www.rsc.org.uk)

Sertec manufacture and deliver WORLD-CLASS engineered components to world-class AUTOMOTIVE CUSTOMERS. Our story began in 1962 when a very young Harry Mosedale, founded a Tool and Jig manufacturing business which has grown to become one of the largest independent suppliers of PRESSWORK AND ASSEMBLIES in Europe, operating across several sites in the UK, Europe and Asia. We are EXPERTS in transfer and progression presswork, assembled components, tube manipulation, exhaust bright trim, wire forming, closures, spring manufacture and fine blanking.

Our engineering apprenticeship scheme is built up of class room based learning and hands on experience, allowing you to develop skills that provide you with the best start to your career in engineering.

The key routes we have available are:

- Tool making- this involves the service and repair of our existing press tools.
- Maintenance – this will enable you to be able to look after all our production equipment to ensure operations continue to run efficiently.
- Engineering Support Technician- this will equip you with the skills to progress to becoming a Project Engineer, Process Engineer, Tooling Engineer, Quality Engineer or similar. Providing key support to our manufacturing operations.

[www.sertec.co.uk](http://www.sertec.co.uk)

With eight million customers we do something incredible every day; supplying almost two billion litres of water. From rivers and reservoirs across the UK, we connect communities with the world's most precious resource. We live in a fluid world and the water industry is changing. We're moving with the current and our vision is to become the UK's leading water company. Achieving it will take, what we call, Fluid Thinking.

[www.stwater.co.uk](http://www.stwater.co.uk)

At Siemens Rail Automation we design, test and deliver Signalling, telecommunication and SCADA systems for the railway. We will tell you more if you come to our stand! We offer advanced, higher and degree apprenticeships with our closest local offices in Birmingham, Ashby De La Zouch and Derby.

[www.siemens.com/uk/en/home.html](http://www.siemens.com/uk/en/home.html)

Skills for Care help create a better-led, skilled and valued adult social care workforce.

We provide practical tools and support to help adult social care organisations in England recruit, develop and lead their workforce. We work with employers and related services to ensure dignity and respect are at the heart of service delivery.

As the home of the National Skills Academy for Social Care, our support is from entry level right through to those in senior leadership and management roles. Part of our role is to support the promotion of adult social care careers to the general public.

[www.skillsforcare.org.uk/home.aspx](http://www.skillsforcare.org.uk/home.aspx)

Solihull Council is looking to create lots of exciting apprenticeship opportunities, across a range of different services, over the next 12 months. These will be open to people of all ages and could lead to a rewarding career in Local Government.

[www.solihull.gov.uk](http://www.solihull.gov.uk)

A leading technology company delivering ICT, mission critical communication networks and operational systems, vital in the effective operation of the nation's infrastructure. Apprenticeships are available in Rail, Network Services and Technology Solutions.

[www.telent.com](http://www.telent.com)

Western Power Distribution owns and operates the electricity distribution system in the Midlands, the South West of England and South Wales. This system consists of underground cables, overhead lines and substations operating at voltages from 132,000 volts down to 230 volts and feeds over 7.8 million customers. Electricity supply companies use our system to deliver electricity to their customers. WPD covers a huge area so our 6,300 employees are constantly working to maintain, repair and upgrade our network.

We are looking for talented, highly motivated people to join the WPD's apprenticeship schemes. Our people are at the heart of our business success and our apprentices of today will be our skilled staff of tomorrow – safely delivering outstanding levels of customer service and operational performance for our customers.

[www.westernpower.co.uk/Home.aspx](http://www.westernpower.co.uk/Home.aspx)

Whale is now one of the largest manufacturers of liquid waste vacuum tankers and jetting equipment in Europe. Whale has a truly modern manufacturing facility at Ravenshaw, supplying its products to the UK and worldwide. Our aim is to continually improve the quality and value of our products, through design innovation to maximise durability, reliability, ease of maintenance, fitness for purpose and residual value. Manufacturing takes place on site –

from technical specification, preparation of chassis, tank build, mounting of tanks, fitting of components, painting, finishing and quality control – all take place on site.

Whale Apprentices attend Warwickshire College for their formal training. Qualifications include Advanced Apprenticeships in Fabrication and Welding, Maintenance Engineers and Engineering Technical Support. Potential candidates for the Whale Advanced Apprenticeship in Engineering Scheme are required to possess 5 GCSEs or equivalent grade C / 4 and above including English, maths and a core science subject.

[www.whale.co.uk](http://www.whale.co.uk)

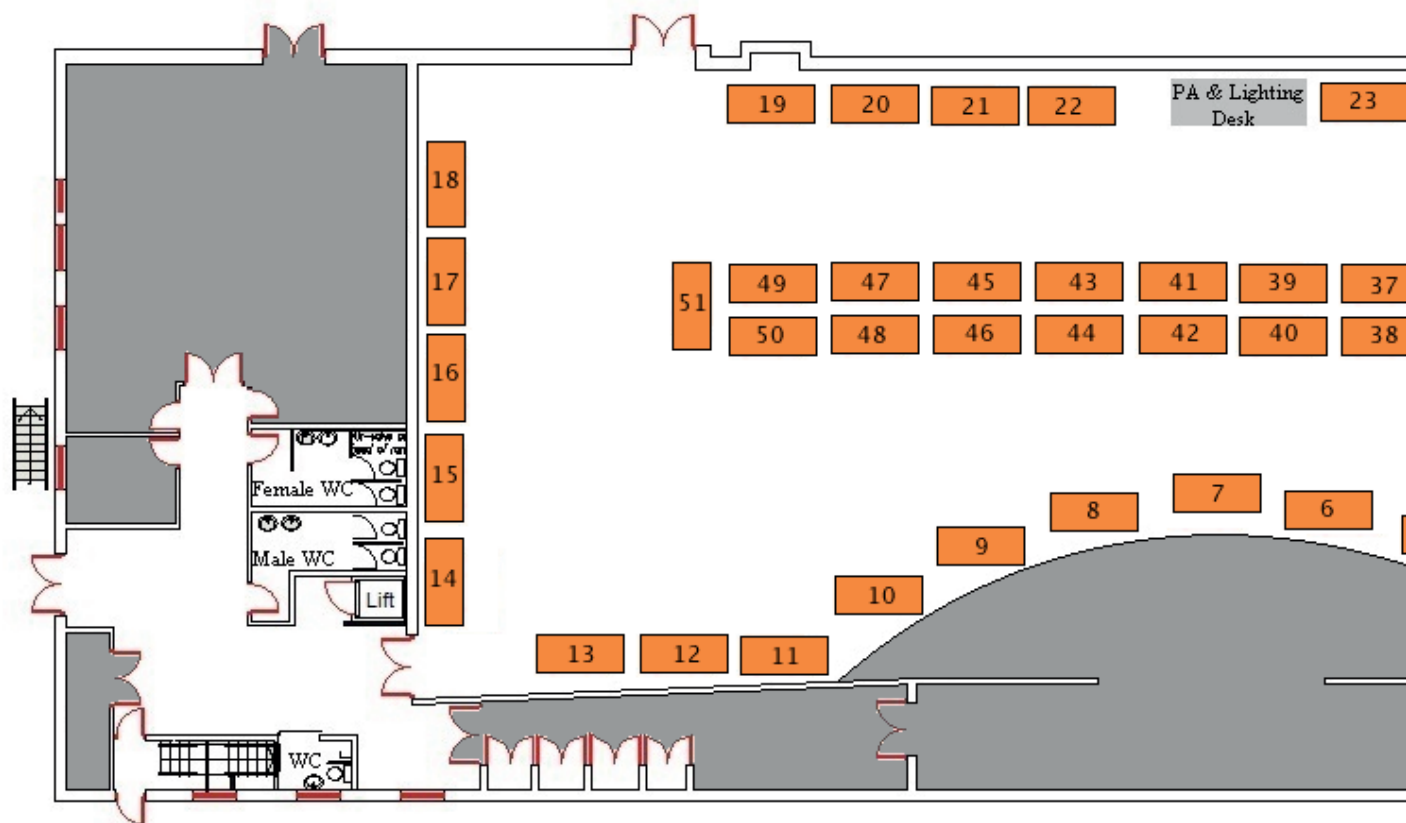

WSP is one of the world's leading engineering professional services consulting firms. We are technical experts and strategic advisors including engineers, technicians, scientists, architects, planners, surveyors and environmental specialists, as well as other design, programme and construction management professionals. We design lasting solutions in the Property & Buildings, Transportation & Infrastructure, Environment, Industry, Resources (including Mining and

Oil & Gas) and Power & Energy sectors as well as project delivery and strategic consulting services.

With over 7,640 talented people in the UK and 42,000 globally, we engineer projects that will help societies grow for lifetimes to come. We've been involved in many high profile UK projects including. The Shard, Crossrail, Queen Elizabeth University Hospital, Manchester Metrolink, M1 Smart Motorway, the re-development of London Bridge Station, and the London Olympic & Paralympic Route Network.

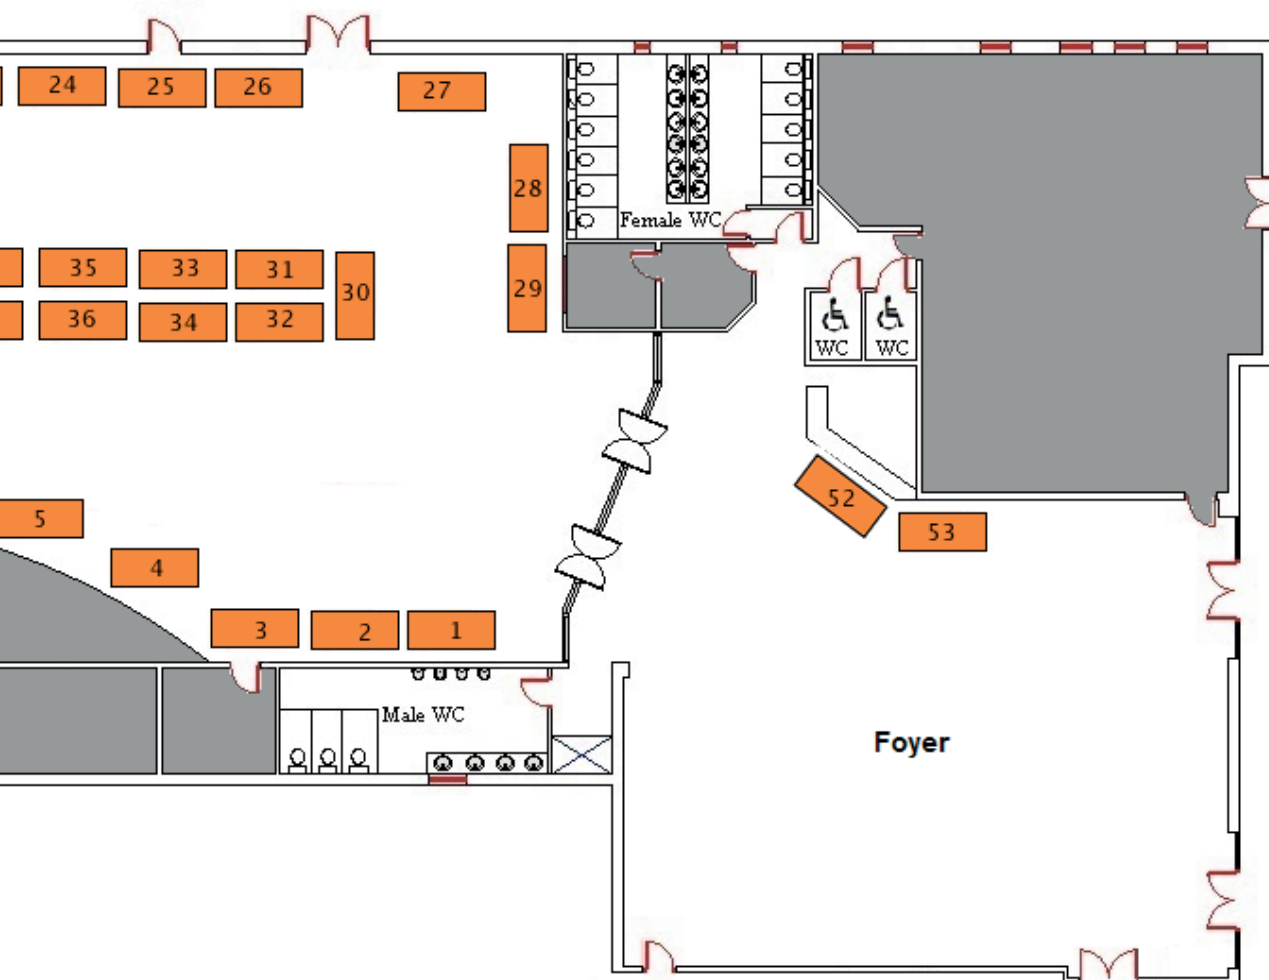

We offer two types of apprenticeships; the School Leaver Apprenticeship and the Degree Apprenticeship in either civil engineering, building services, transport planning, rail design, surveying or business administration.

# Apprenticeship Show 2018: Training Providers

Aston University led the way with degree apprenticeships and became the first in the UK to deliver them in 2015. Aston is also the first and currently the only university to have degree apprentice alumni who graduated in July 2017 and are continuing to make waves in their organisation.

We work in partnership with a wide range of companies including Microsoft, Virgin Media, Capgemini, Ministry of Defence, Acivico and Kaplan as well as smaller businesses that are looking to grow with fresh talent like you.

We are currently offering apprenticeships in business, IT, electrical engineering and audiology with many more planned to launch soon.

[www.aston.ac.uk](http://www.aston.ac.uk)

Bellis Training offer 16 to 18 and 19+ year olds apprenticeships in the workplace for Retail, Customer Service, Hospitality & Catering, Business Administration and Warehousing & Storage. Bellis Training deliver Traineeships and the Study Programme to prepare students for employment. Start with us anytime. Established in 1984.

<http://www.bellistraining.co.uk/>

Birmingham Electrical Training is a leading provider of electrical installation apprenticeships in Birmingham, West Midlands. BET manages apprenticeships for over 100 electrical contractors and provides on-site assessment and 'off-the-job' training. Electrical Installation Advanced Apprenticeship Level 3.

[www.birminghamelectricaltraining.co.uk](http://www.birminghamelectricaltraining.co.uk)

Birmingham and Solihull Youth Promise Plus is an employment support pathway for young people (15–29) who are not in employment, education or training. The project is supported by European Social Fund and Youth Employment Initiative to help eligible young people move forward into positive destinations. If you are looking for help to progress into work but do not have the qualifications or know where to go to access support, this programme can help you.

We can link you up to an intervention worker (coach/mentor) that will help you achieve more and provide you with the skills to make informed decisions on your chosen career, provide pre-employment support, link local people to local jobs and help you sustain in work.

For more information please register with Solihull Council's Employment and Skills Team on [www.solihulforsuccess.com/job-seeker-registration](http://www.solihulforsuccess.com/job-seeker-registration) or call 0121 704 8076, email: [employmentteam@solihull.gov.uk](mailto:employmentteam@solihull.gov.uk)

Crackerjack Training provides high quality childcare training courses and support for learners to achieve a recognised qualification that is valued within the Childcare Sector. We offer a variety of full time programmes and apprenticeships to suit all levels of ability. Our programmes range from Study Programmes, Traineeships, Apprenticeships (Level 2 & 3) and we also offer Level 4 in Playwork, Level 5 in Early Years, the TAQA award for Assessors and Verifiers as well as

short courses specifically tailored to Childcare practitioners and managers.

[www.crackerjacktraining.co.uk](http://www.crackerjacktraining.co.uk)

EEF has helped thousands of the best and brightest begin their manufacturing and engineering careers as apprentices. We provide top level training and high quality apprentice recruitment in UK manufacturing and engineering, providing insider support to employers, career advisers and apprentices.

Get a head start with EEF apprenticeships.

Earn while you learn, on-the-job training, specialist qualifications and a foot in the door at the employer of your dreams. If you have an aptitude for maths and science, have ambitious career goals, enjoy being hands-on and are a great problem solver, an apprenticeship could be the perfect start to a career in manufacturing and engineering.

With in-depth knowledge of what skills manufacturing and engineering businesses need, complementary apprentice mentoring and advice, and a dedicated training centre offering world-class facilities and expert teaching, EEF has given thousands of apprentices a head start in their manufacturing and engineering careers.

[www.eef-online.co.uk](http://www.eef-online.co.uk)

Why not take a look at our apprenticeships and see where a career with us could take you. Whether you got the results you hoped for or not, we wanted to let you know that there is an apprenticeship for you! Apprenticeships are available in almost all industries and range from level 2 up to degree level.

Nova Training is an Ofsted Grade 1 training provider making us officially one of the highest performing training providers in the country. We offer training and apprenticeship opportunities in: Motor Vehicle; Construction; Hospitality; Business Administration; Retail; Warehousing; Sales; Customer Service and much more – all of which are supported by Maths, English and Employability Training.

Our courses are a great alternative to staying on at school and college and in the last 12 months over 2000 young people have chosen Nova to help them achieve and progress. Don't wait any longer, let your next move be the best one you make this year – join Nova Training and start your journey to a bright future.

Solihull college and university centre offer a wide range of apprentice training opportunities, up to degree level along with full and part time further education.

[www.solihull.ac.uk](http://www.solihull.ac.uk)

South and City College Birmingham is one of the largest and successful further education colleges in the country. It is a leading provider of apprenticeships for successful businesses across the Greater Birmingham area. We also work with companies to help develop the skills of the workforce through the delivery of industry relevant training programmes.

We believe apprenticeships are a great opportunity for our students to add value to your business or for you to up-skill members of your existing workforce with apprenticeships programmes at higher and degree level. If you would like to find out more about how you can work with the college to meet your recruitment and training needs please contact our Employer Engagement Team by email [apprenticeshipteam@sccb.ac.uk](mailto:apprenticeshipteam@sccb.ac.uk) or phone 0121 694 5066.

TDM/Wyre Academy is delivering education programmes in response to the ongoing value conversations which we are having with cutting-edge ICT and Business Professionals and their Employers. TDM has been delivering ESF, LSC and Sfa-funded work-based learning qualifications since 2007.

**Award Winning Apprenticeships:** In November, TDM were crowned the Worcestershire Apprenticeship Provider of the Year 2017. At the same ceremony, Ellie Harrison, an employee of Titania and a TDM Apprentice won the Level 4 Apprentice of the Year 2017 award. In 2015 the Advanced Apprentice of the Year for Worcestershire was a TDM Software Developer apprentice and the Small Employer of the Year for Worcestershire 2015, Dolphin Computers, is an employer partner with TDM in the delivery of their apprenticeship programmes.

TDM's own Higher Apprentice, undertaking the TDM Wyre Academy IT Professional Higher Apprenticeship programme, won the Worcestershire Higher Apprentice of the Year 2014, with the runner-up from Sanctuary Group also completing a TDM Higher Apprenticeship programme. In 2010 one of TDM's learners won the 2010 European Social Fund West Midlands Workplace Learner of the year award sponsored by Advantage West Midlands.

# Engineer YOUR future with MGTS

## About Us

Working in partnership with a diverse range of local, regional and national engineering companies for over 50 yrs, MGTS can offer apprenticeships in:

- Mechatronics Maintenance
- Product Design & Development
- Technical Support
- Toolmaker/Tool & Die Maintenance
- Machinist Advanced Manufacturing

## About You

You will have an interest in science and engineering; be enthusiastic with a positive approach to work and learning and have (or be expected to achieve at least 5 GCSEs, to include English, Maths & Science at grade A\*-C / 9-4. Candidates with A levels or BTEC level 3 are strongly encouraged to apply.

## Earn while you learn

We endeavour to match you up with an employer before you start your apprenticeship so that you are employed from day one. As an Apprentice Engineer you can expect to earn an average of £150 - £250 per week, whilst working your way towards a Level 3 Diploma in Advanced Manufacturing Engineering.

# Acknowledgements

---

The Solihull Apprenticeship Show is brought to you by Solihull Council's Employment and Skills Team. However, it would not be possible without the support of our exhibitors, schools and colleges and colleagues across the council.

A special thank you goes to:

- Our sponsors: Costain, EY-UK, Grahams Facilities Management and Jaguar Land Rover
- Lode Heath School for allowing use of their car park
- ESFA Apprenticeship Readiness and Growth Funding
- Careers and Enterprise Company

This event is part of the Life Ready project which supports schools and colleges in developing independent, dynamic, young adults and helps raise the standards of careers guidance across the borough.

Life Ready supports schools to fulfil their requirements as outlined in the Careers guidance and access for education and training providers: Statutory guidance for governing bodies, school leaders and school staff, January 2018
